

“Forging a Brighter Future for Children and Families”

AT THE EVANS SCHOOL OF PUBLIC AFFAIRS | UNIVERSITY OF WASHINGTON

Round II Policy Specification Matrix

This is a summary of specifications for the second round of analyses, which were conducted in late July, 2006. All costs are based on the moderate salary schedule (annual equivalency with elementary teachers’ salaries for BA level, less for high school and AA degrees), modified affordability goals,, modified eligibility, Family Friend and Neighbor supports, parent support & education, and modified Governance and Implementation. We assume that there will be a phase-in by geographic area (targeted communities or about 25% of the population) –for early education, parenting and Family Friend and Neighbor support.
